2020 - 2021 **PARTNERSHIP GUIDE**

Partnering With Churches And Private Schools To Provide
Christ-Centered, Live, Online Classes To K-12 Students.

OUR STORY

For almost two thousand years, churches have been the center of our communities, the very cornerstone of Western civilization.

Just a few short decades ago, Biblical teaching and Christian worldview were the bedrock of every child's education. Sadly, that is no longer the case in our public schools, where too much government interference and progressive ideology undermine Judeo-Christian values, warp the teaching of American history, and actively work to drive a wedge between children and their parents. A once-a-week church service and an hour of Sunday school are no longer enough to preserve the faith of our kids and prepare them for a life anchored in Christ.

FreedomProject Academy wants to change that, and it's a simple concept. We partner with churches across the country to provide fully accredited, Biblically-based, K-12 online classes that allow all churches that sit empty Monday through Friday to start their own school. FreedomProject Academy provides more than 100 live courses from core subjects such as English, math, history, and science, to courses in Latin, Spanish, Logic, and economics. Schools can select the classes they want to use, while supplementing their own courses for Bible study, music, art, and anything else they choose. FPA not only offers each of our classes live online, but also records each class, making recordings available for immediate playback 24/7. In addition, our teachers assign all homework, quizzes, and tests, and are responsible for all grading.

Let's continue to impact as many lives as possible by providing a Christ-centered education for children around the world. Together we can Faithfully Educate America.

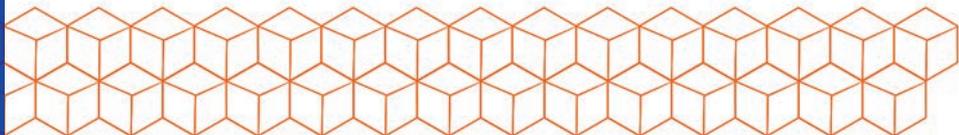

But Jesus said, "Let the children alone, and do not hinder them from coming to Me; for the kingdom of heaven belongs to such as these."

-Matthew 19:14

"Train up a child in the way he should go; even when he is old he will not depart from it."

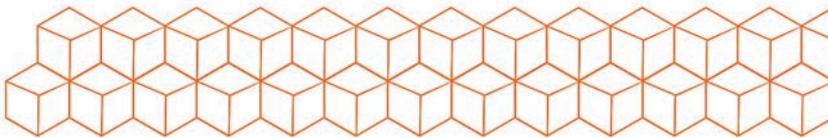

-Proverbs 22:6

What we **DO** ▶

FreedomProject Academy prides itself in providing one of the best educational programs in the country. Students are taught discipline, structure, responsibility, and organization in every class - skills that are essential for life after school. Our program provides a quality education that is incredibly unique in approach and delivery. Students attending FPA classes are going to read, write, and develop strong foundations in math, English, science, and history.

What you **DO** ▶

Partnership school staff or volunteers are the eyes and ears in the room. Adults are required to supervise all students while class is in session to provide a quiet learning environment, free of background noise, offer technical assistance, and answer questions.

The principal or head of the school is responsible for ensuring students are properly submitting assignments, quizzes, and tests. Schools are required to have computers less than five years old, headsets with working microphones, and working printers and document scanners.

FPA ENDORSEMENTS

“Our band is on the road touring 200 days a year, but my daughter receives the same great education everywhere we go. We are so happy to be part of FPA.”

KIMBERLY SCHLAPMAN
FPA Parent & Singer (Little Big Town)

“I’m extremely grateful to FreedomProject Academy for providing a top-notch education to my son, and I’m humbled to be in a position to spread word of the work they’re doing to keep alive the indomitable spirit and guiding principles on which our great nation was built.”

TIM SCHMIDT
FPA Parent & President (USCCA)

STEVEN CROWDER
Blaze Media

“You can do it with the best teachers, the best methods, and the best classes in the world.”

STEVE DEACE
Blaze Media

“The government can’t tell them what to put in their curriculum, or what you can teach your kids.”

COLIN GUNN
Director of “IndocriNation”

“I love these people and what they’re doing. You have a Common Core Free alternative to the public school system at FPA.”

Grace Christian ACADEMY

After speaking with the staff at FreedomProject Academy, we knew this would work for Grace Christian Academy and could be a model for other schools looking to blend the virtual and traditional classrooms. With budgets the way they are for private schools, and the fact that FPA is built on Judeo-Christian values, this has been a win-win relationship in so many different ways.

Mulberry ACADEMY

My husband and I first found out about FPA while attending an education conference in Houston. After speaking with FPA, we realized we could help children struggling in the public school system by forming a Classical Church Cover School called Mulberry Academy. We are now in our third year of partnership with FPA and are already looking to add another building to our school!

NON-DENOMINATIONAL INSTRUCTION

FreedomProject Academy classes are non-denominational, anchored firmly in Judeo-Christian values. Our courses are Biblical in worldview and promote Biblical understandings of knowledge and Truth. We do not promote the theology of any particular church, temple, or brand of Judeo-Christian thought.

We encourage each individual school to incorporate its own distinctive denominational beliefs and practices into the foundational documents and mission statement of the organization.
